MOUNDSVILLE LOT SALE.

A Great Day in the New Old Town-The Sales on the First Day Aggregate About 875,000.

The progressive movement at Moundsville reached its zenith yesterday. It was the first day of the lot sale and a great crowd was present, estimated at 3,000 people. Specials from Pittsburgh and Wheeling brought large crowds. The city was in gala attire and the cathusiasm knew no bounds. Dozene of conveyances met all trains and conveyed the visitors to the grounds free of charge, this being a free offering by the people, as was also the dinner. As the people arrived they were driven to the grounds, and at one o'clock p. m. the sale began. The interest ran high, yet the company made every effort to keep things on a sound basis. Lots were knocked down without dwelling long in order to keep prices where they ought to be. At one o'clock the stentorian voice of Major Beckenbaugh was heard and the first lot was up. The people packed themselves close to the stand and stayed there during the whole of the sale. The interest did not abate, but was as bnoyant at the close as at the start. Last evening everybody was enthusiastic and the streets presented a lively appearance. The Mound City cornet band discoursed lively airs from the court house square. The prospects for the second day of the sales and large ground of presented the sales and large ground of the sales and large grou and Wheeling brought large crowds. from the court house square. The prospects for the second day of the sale are splendid, and a large crowd of people will be present. Among the choicest lots in the plat will be offered to-day. Big Miners Strike Threatened.

Big Miners Strike Threatened.
Pittsburg, Pa., Sept. 23.—A demand for an advance in wages will shortly be made by the 9,000 railroad coal miners in this district. At a mass meeting today this was decided upon and it was resolved to call a convention next Tuesday to formulate the demands. The miners are confident of getting the advance, as they say the increased demand for coal caused by the decline in natural gas will force the operators to grant any reasonable advance. If not conceded they threaten to strike.

Steadily Advancing

Steadily Advancing.

The price of property at Moundsville is advancing steadily owing to the location of factories and the increase in population. The population is bound to increase from three to five thousand within the next few months, and lots bought at the safe to be held by the M. & M. Co., September 23 and 24., will double in price very quickly. Excursion rates and free entertainment at the sale.

Unnecessary Suffering.

There is little doubt but that many persons suffer for years with ailments that could easily be cured by the use of some simple remedy. The following incident is an illustration of this fact: My wife was troubled with pain in her side the greater part of the time for three years, until cured by Chamberlain's Pain Balm. It has, I think, permanently cured her. We also have used Chamberlain's Cough Remedy whenever needed and believe it to be the best in the world. P. M. Boston, Pennville, Sullivan county, Missouri.

HOW TO GET THEM.

If you want new customers, ask for them.

There are hundreds of people living within a mile of your store that don't know there is such a place, and they'll continue to be ignorant on the subject unless you take steps to inform them. Some of us are too apt to think that "everybody knows us."

Now, that line of thought is a mighty bad one for business men. If they permit themselves to be deceived by it, they

are pretty sure to "get left." Seek publicity. Keep your name and your store's location constantly before the people. Use the newspapers-there's nothing like it.
